3 Conditions of use for publishing for display and/or promotional purposes

- 3.1 Subject to the restrictions in Section 3.2 below, Ordnance Survey Data may be published for display and/or promotional purposes provided there is no Financial Gain but only:
- 3.1.1 as a background to display information specific to the Customer's activities;
- 3.1.2 to promote the Customer's commercial or public services, provided that the use of Ordnance Survey Data is secondary to the Customer's services or business activities and is not a service or business activity in itself; or

- 3.2.2 the Customer must overlay outputs generated using the Ordnance Survey Data with information that is specifically relevant to the purpose of the Display and/or Promotion. Use of Ordnance Survey Data in this manner must only be to demonstrate the services or activities to which the Ordnance Survey Data makes a significant contribution. Ordnance Survey Data must not be published on their own or in any format or as the primary or dominant part of any Display and/or Promotion and must always be combined with appropriate additional information relating to the Customer;

Such additional content must be provided by the Customer and unless otherwise agreed with Ordnance Survey must be sufficiently significant to render the underlying Ordnance Survey Data unusable for any other purpose. When published electronically this additional content must be incorporated into the Ordnance Survey Data in a manner which does not allow them to be separated from each other unless expressly agreed in writing by Ordnance Survey; and
- 3.2.8 Ordnance Survey Data must not be published electronically in a manner which will allow vector map data to be extracted from the published materials. For the avoidance of doubt, this means in whole, part or derived vector data.

4 Statutory Use

- 4.1 For the purpose of this Schedule:
- 4.1.1 **Statutory Obligation** means an express written obligation imposed by an Enactment upon the Customer, which requires the use of the Ordnance Survey Data to meet that obligation. When published electronically this additional content must be incorporated into the Ordnance Survey Data in a manner which does not allow them to be separated from each other.
- 4.6 Ordnance Survey Data must not be published electronically in a manner which will allow vector map data to be extracted from the published materials. For the avoidance of doubt, this means in whole, part or derived vector data.
- 4.7 The Customer may provide copies of Ordnance Survey Data to any other customer of Ordnance Survey which has a Statutory Obligation and which is a party to an agreement with Ordnance Survey by which such customer is licensed on specific terms to use Ordnance Survey Data, provided that:
- 4.7.1 it shall advise such customer that any such Ordnance Survey Data shall only be used under the terms of such customer's agreement with Ordnance Survey in relation to such customer's right to meet what in this Agreement is described as a Statutory Obligation;
- 4.7.2 within thirty (30) days of the end of each quarter, it shall advise Ordnance Survey in writing of the names and addresses of each such customer to which it has supplied Ordnance Survey Data during such quarter. This Contractor Licence supersedes all understandings, representations and agreements made between the parties concerning such matters. However, neither party seeks to exclude liability for any fraudulent misrepresentations.

14 Waiver

- 14.1 The waiving (which must be in writing and signed by an authorised representative of the relevant party) on a particular occasion by either party of rights under this Contractor Licence does not imply that other rights will be waived.
- 14.2 If a party has a right arising from the other party's failure to comply with an obligation under this Contractor Licence and delays in exercising or does not exercise that right, such delay in exercising or failure to exercise is not a waiver of that right or any other right.

15 Severability

Each term of this Contractor Licence is a separate term and is intended to stand alone. 3. **Product Derivative Works.** Product Derivative Works for the purpose of this licence are defined as any image, representation or alteration of the Products received from GETMAPPING from which the Products can be reverse engineered. Examples of Product Derivative Works include contour maps, and elevation data from resampled Products. Product Derivative Works are subject to this licence as outlined in Article 2.
4. **Thematic Derivative Works.** Thematic Derivative Works for the purpose of this licence are defined as any image, representation or alteration of the Products received from GETMAPPING from which the Products cannot be reverse engineered. You shall not be permitted to use the Products or any Product Derivative Works to create or distribute Flood Hazard Maps.
6. **NUI.** Norwich Union Insurance Limited (“NUI”) is a party to this EULA for the sole purpose of enabling it to take enforcement action against You should You breach the terms of Section 2(f) or 5 which are obligations of Yours in favour of both NUI and GETMAPPING. NUI gives no warranty in relation to, and accepts no liability under, this EULA.
7. **Restrictions.** This EULA prohibits You from disclosing, publishing, selling, assigning, leasing, sublicensing, marketing or transferring the Products in whole or in part, or using the same in any manner or for any purpose not expressly authorised by this EULA. GETMAPPING reserves all rights not expressly granted by this EULA. You may not use the Products on behalf of, or allow the Products to be used by, any affiliated organisation or subsidiary whether or not controlled by You or anyone who owns or controls you. If the Products are licensed to a government agency (whether federal, state or local) under this EULA, the Product may be used only by the licensed agency and not by any other government agency. You acknowledge that the Products and the data within them are proprietary to, copyrighted by, and contain

trade secrets of, GETMAPPING and/or its licensors. Unauthorised reproduction, distribution, or display of the Products in any manner not expressly authorised herein is prohibited. You will advise GETMAPPING immediately upon discovering evidence of a breach or threatened breach of the terms of this licence by any party.

8. **Notice.** You are further restricted from using the Products in such a manner that breaches the rights of NUI, who has an exclusive licence in the Products for the use of producing Flood Hazard Maps.

9. **Limited Warranty and Disclaimers.** GETMAPPING warrants for thirty days after the delivery of the Products that the data delivered will be of the area of interest ordered and the media used to carry the data will be free from physical or material defects. GETMAPPING's sole liability under this limited warranty shall be to replace the media if it (not the software or data encoded thereon) is defective and You return such to GETMAPPING within thirty (30) days of delivery. Except for the limited warranty specified herein, the Products are provided without warranty of any kind, and all warranties and conditions, expressed or implied, statutory or otherwise, including but not limited to any as to quality or fitness for a particular purpose, are expressly excluded. GETMAPPING does not warrant that the products will meet Your needs or expectations or that use of the Products will be error free or uninterrupted. In no event shall GETMAPPING be liable for any claim or loss incurred by You (including without limitation compensatory, incidental, indirect, special, consequential or exemplary damages), irrespective of whether GETMAPPING has been informed, knew, or should have known of the likelihood of such damages. This limitation applies to all causes of action, including without limitation breach of contract or warranty or tort. If the limitation of liability set forth in this agreement shall for any reason be held unenforceable or inapplicable, both parties agree that GETMAPPING's liability shall not exceed one hundred percent (100%) of the licence fees paid by You to GETMAPPING with respect to the Products at issue.

10. **Term and Termination.** This EULA shall become effective upon Your receipt of the Product and shall continue in force until terminated as provided herein. This EULA shall terminate immediately if You fail to comply with any of its terms. Upon termination of this EULA for any reason, You shall deliver to GETMAPPING the Products and confirm you have destroyed all copies of the Products in Your possession.

11. **Dispute Resolution and Governing Law.** This EULA shall be construed and enforced in accordance with the laws of England and Wales.

12. **Miscellaneous.** This EULA is the complete and exclusive statement between You and GETMAPPING with respect to the sale and use of the Products and supersedes any prior oral or written agreements, and commitments, understandings, or communications with respect to the subject matter of this EULA except for any misrepresentations that were made or given fraudulently and may be amended or modified only in a written instrument signed by a duly authorised representative of GETMAPPING and You. If any provision is determined to be invalid or unenforceable, the remaining provisions of this EULA shall continue to be valid and enforceable. Neither this EULA nor any of the rights granted by it may be assigned or transferred by You without the prior written consent of GETMAPPING. This restriction on assignments or transfers shall apply to assignments or transfers by operation of law, as well as by contract, merger or consolidation. You shall be solely responsible for obtaining any and all required government authorisations, including without limitation, any export or import licences and foreign exchange permits. Nothing in this Article shall restrict the ability of Getmapping to pursue any legal or equitable remedy or to obtain an injunction to protect any rights it may have arising out of or relating to the Product or any of its trademark or intellectual property rights.
